

Rolfsnes, Ase, and related families

By Henrik O. Lunde

Still available: Henrik O. Lunde's 2-volume genealogy discussing many families, particularly in western Norway, to which tens of thousands of Americans of Norwegian heritage can trace their roots.

This comprehensive (over 1100 pages in two hard-cover volumes) history of the Rolfsnes and Åse families was 11 years in the making and published in both English and Norwegian editions in 2000 and 2002 by Enoch Haga Publisher in Livermore, California (ISBN 1-885794-20-7 and ISBN 1-885794-21-5).

This set traces the ancestors and descendants of Anders O. Rolfsnes and his wife Oliva H. Åse. The research involved numerous visits to various parts of the US, archives in Europe, and correspondence with historians and professional genealogists. The set contains numerous photographs, tables, and illustrations. There are also family branches from other areas of Norway, Sweden, Denmark, Scotland, Germany, and Belgium.

The Norwegian edition is sold out but there are a limited number of sets available in the English edition.

The set of two books (English edition) can be ordered by sending your check for \$150 to:
