

PROJECT RECEIVES GRANT

Peg and Keith Wheeler were pleased to get the news that The Slooper Monument Project was awarded a \$600.00 Sons of Norway Foundation Culture and Heritage Grant. Cindy Olson of Sons of Norway foundation in Minneapolis, Minnesota reported the committee was pleased to make the award, which is to go towards the printing of the Memorial booklet and trucking of the monument.

On behalf of all the people working on this project both in Norway and California, the Wheelers express their appreciation and gratitude. This endorsement and the support of Sons of Norway lodges throughout northern California have been encouraging and exciting.

For more information on this Norwegian American historical project, go to www.wheelerfolk.org and click on "Slooper Monument Project."
